## The Right Room For The Right Deals.

Ecom Network Expo is India's first dedicated B2B E-Commerce expo connecting manufacturers and importers directly with online sellers - the people who move products on Amazon, Flipkart, Myntra, Ajo, Nykaa and every major e-commerce platform. One floor. Real connections. Unlimited product categories.

## What Makes ENE Different?

Unlike category-specific expos, Ecom Network Expo has no product limits. Manufacturers from industries ranging from textiles, clothing, and jewellery to kids' toys and home appliances can exhibit on the same floor- because online sellers need all of it. This is the only expo designed specifically around how e-commerce sourcing actually works.

## Key Categories

- Home & Kitchen
- Clothing
- Fashion & Beauty
- Toys & Stationery
- Electronics & Gadgets
- Jewellery & Accessories
- E-commerce Packaging Materials
- E-commerce Related Software
- E-commerce Services
- E-commerce Logistics
- Other Categories

# Who Should Attend?

## EXHIBITORS
