Ecom Network Expo

@EcomNetworkExpo

Supported By

- The Strategic Gateway for E-Commerce Deals

Ecom Network Expo is India's leading dedicated B2B E-Commerce expo connecting manufacturers and importers directly with online sellers - the people who move products on Amazon, Flipkart, Myntra, Ajio, Nykaa and every major e-commerce platform.

making sourcing simpler and business connections stronger.

- What makes ENE unique?

ENE is unique as it brings the entire E-commerce business ecosystem under one roof.

Manufacturers, importers, brands, sellers, wholesalers, and service providers can connect directly without unnecessary middlemen.

It's not just about exhibiting products. It's about sourcing, networking, partnerships and real business opportunities.

EXHIBITORS

For manufacturers and importers, the Ecom Network Expo is the fastest way to enter India's growing online market. By connecting you directly with sellers, the expo removes middleman costs, allowing you to increase your profits and start selling more easily

Strategic Benefits for Manufacturers and Importers:

- Direct Access to Active E-commerce Sellers
- Long-Term B2B Partnerships
- National Market Expansion
- Unrestricted Product Categories

VISITORS/BUYERS

Whether your organisation operates via major marketplaces such as Amazon, Flipkart, and Meesho or manages an independent Direct-to-Consumer (D2C) storefront, the Ecom Network Expo provides a specialised platform to identify high-potential inventory and establish direct partnerships with suppliers who have a complete understanding of the E-commerce market.

Strategic Benefits for E-commerce Sellers::

- Identification of High-Potential Products
- Engagement with Specialised Suppliers
- Optimisation of Profit Margins
- Strategic Catalogue Expansion

The following pillars define the professional value and operational scale of the upcoming Ecom Network Expo, designed to facilitate growth across the entire E-commerce landscape:

240+ Exhibitors:

Manufacturers and importers across diverse product categories.

Focused B2B Networking:

Connect directly with sellers, suppliers and industry professionals.

On-the-Spot Deals:

Discuss pricing, MOQs and supply terms face-to-face.

One-Stop Sourcing:

Discover thousands of products under one roof.

Full-Day Access:

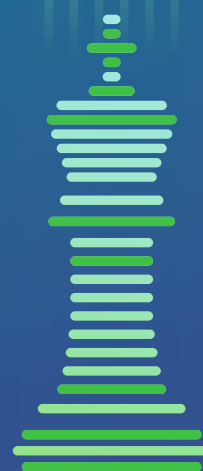

More time to source, connect and build opportunities.
